

### When We Move Beyond Simply Meeting Needs, Transformation Is Possible

#### Our Ministry Model:

When care is not coordinated, needs can be overlooked or duplicated, and people are not served in a holistic manner.

Love INC fosters collaboration and organizes holistic care to help churches serve their neighbors through resources and relationships.

The Love INC ministry model is relational, because we believe Christ-like relationships are transformative. When Love INC flourishes in a community, healthy relationships grow, Christian love thrives, and struggling neighbors receive support, friendship, and the kind of practical help they need.
